3. Compensatory damages for the period January 20, 2004, to July 31, 2008, are awarded in the amount of \$1,761,448.00. This is based on a 5.99% reasonable royalty

4. Prejudgment interest is awarded in the amount of \$270,785.00. (This is calculated at an interest rate of one-half (1/2%) percent over prime for the period from the filing of the complaint by Saint-Gobain on June 10, 2004, to July 31, 2008.)

5. Saint-Gobain and its employees, agents, successors in interest, assigns, and all persons in active concert with any of them, are enjoined from:

- (b) importing into the United States any of the infringing shelves set forth in (a) above; and
- (c) making, using, selling or offering for sale outside the United States the infringing shelves set forth in (a) above with the knowledge that they will be, or likely will be, imported into, sold in, offered for sale in, or used in the United States.

With respect to item (c), Saint-Gobain shall take the steps necessary to determine whether the refrigerator shelves that it manufactures and sells outside the United States will be sold or incorporated into refrigerators that are sold in the United States.

6. Pending review of this judgment on appeal, Saint-Gobain shall maintain records of the sales of the refrigerator shelves manufactured by Saint-Gobain designated as SG1 through SG36 (with the exception of SG12) as well as any similarly constructed refrigerator shelves to the extent they are imported directly or in refrigerators that are imported into the United States, and shall provide such information to Gemtron on a quarterly basis.

7. The injunction entered as described in paragraph 5 above is STAYED pending review of this judgment on appeal and until further order of the Court.

8. Proceedings regarding all other claims related to the '573 Patent or United States Patent No. 6,422,673 are STAYED until further order of the Court.
